AT&T Internet Air™ for Business Wi-Fi Extender

Frequently Asked Questions

What is the AT&T Internet Air for Business Wi-Fi Extender?

The Wi-Fi Extender enhances your indoor wireless coverage provided by the 5G Gateway to provide better service for your connected devices.

How many Extenders can I connect to my 5G Gateway?

Connect up to 3 Extenders* within 30 feet of your 5G Gateway to add up to 2800sqft additional coverage.

Do I pay additional monthly fees to use the Wi-Fi Extender?

No, there are no additional monthly charges to use the Wi-Fi Extender, you simply purchase the unit. Contact your AT&T Sales Representative for pricing.

How do I set up my Wi-Fi Extender to the 5G Gateway?

The setup is simple, connect wirelessly with the WPS (Wi-Fi Protected Setup) button or by wire with Ethernet cables (sold separately) to the back of your extender.

Where should I setup the Wi-Fi Extender in my business location?

The Wi-Fi Extender enhances indoor Wi-Fi coverage from your 5G Gateway. Place within 30 feet of the 5G Gateway and avoid obstructions between the units.

How do I manage the settings and functions of my Wi-Fi Extender?

View and manage your AT&T Wi-Fi Extenders all in one place on the Web UI from your AT&T 5G Gateway <http://attwifi.manager> or <http://192.168.1.1>.
